

PropertyAttribute

```
classDiagram
    class PropertyAttribute
    class LeanLocalizationLeanTranslationNameAttribute["Lean.Localization.LeanTranslationNameAttribute"]
    LeanLocalizationLeanTranslationNameAttribute --|> PropertyAttribute
```

The diagram illustrates a class hierarchy. At the top is a white box representing the 'PropertyAttribute' class, which is divided into three horizontal sections. The top section contains the class name, while the bottom two sections are empty. Below this box is a blue arrow pointing upwards, indicating inheritance. The arrow originates from a gray box at the bottom, which represents the 'Lean.Localization.LeanTranslationNameAttribute' class. This gray box is also divided into three horizontal sections; the top section contains the class name, and the bottom two sections are empty. The overall structure shows that 'Lean.Localization.LeanTranslationNameAttribute' inherits from 'PropertyAttribute'.
