

MonoBehaviour

```
classDiagram
    class MonoBehaviour
    class LeanPlane["Lean.Common.LeanPlane"]
    LeanPlane --|> MonoBehaviour
```

The diagram shows a class hierarchy. At the top is a box for 'MonoBehaviour' with two empty slots below the name. Below it is a box for 'Lean.Common.LeanPlane' which is shaded grey. This box contains a list of methods, each preceded by a '+' sign. A blue arrow points from the top of the 'Lean.Common.LeanPlane' box to the bottom of the 'MonoBehaviour' box, indicating that 'Lean.Common.LeanPlane' inherits from 'MonoBehaviour'.
